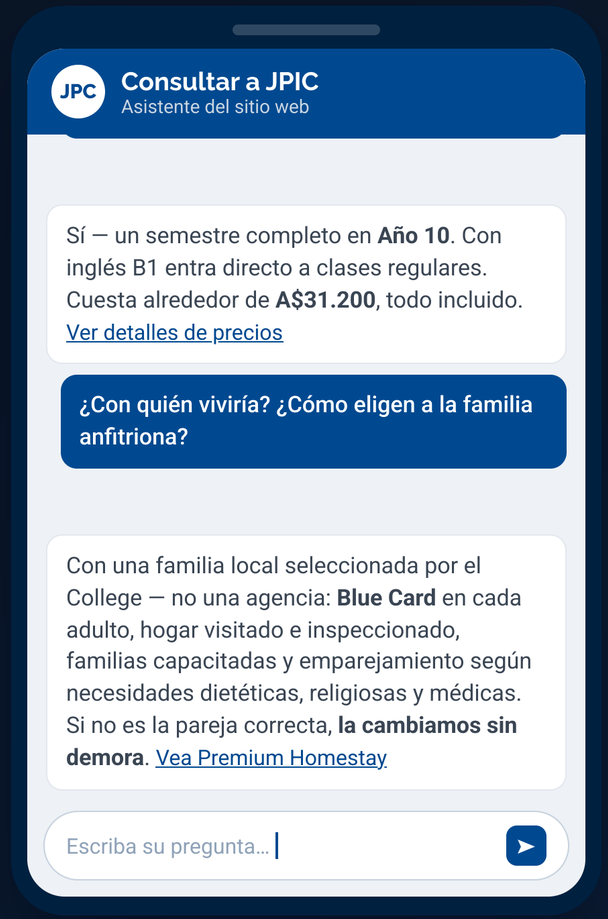
Nine languages. Every page. Updated all year.



Asked in Spanish. Answered in Spanish. **At 2 am in Santiago.**

CHAPTER 7 · THE REVEAL

You have already met them.

Every quiet moment of help in this story came from one place: the team behind every student.

JPC CARE

A named team who know every international student personally — and notice early.

24-hour welfare line

A person, not a voicemail — for students, host families and parents, any hour.

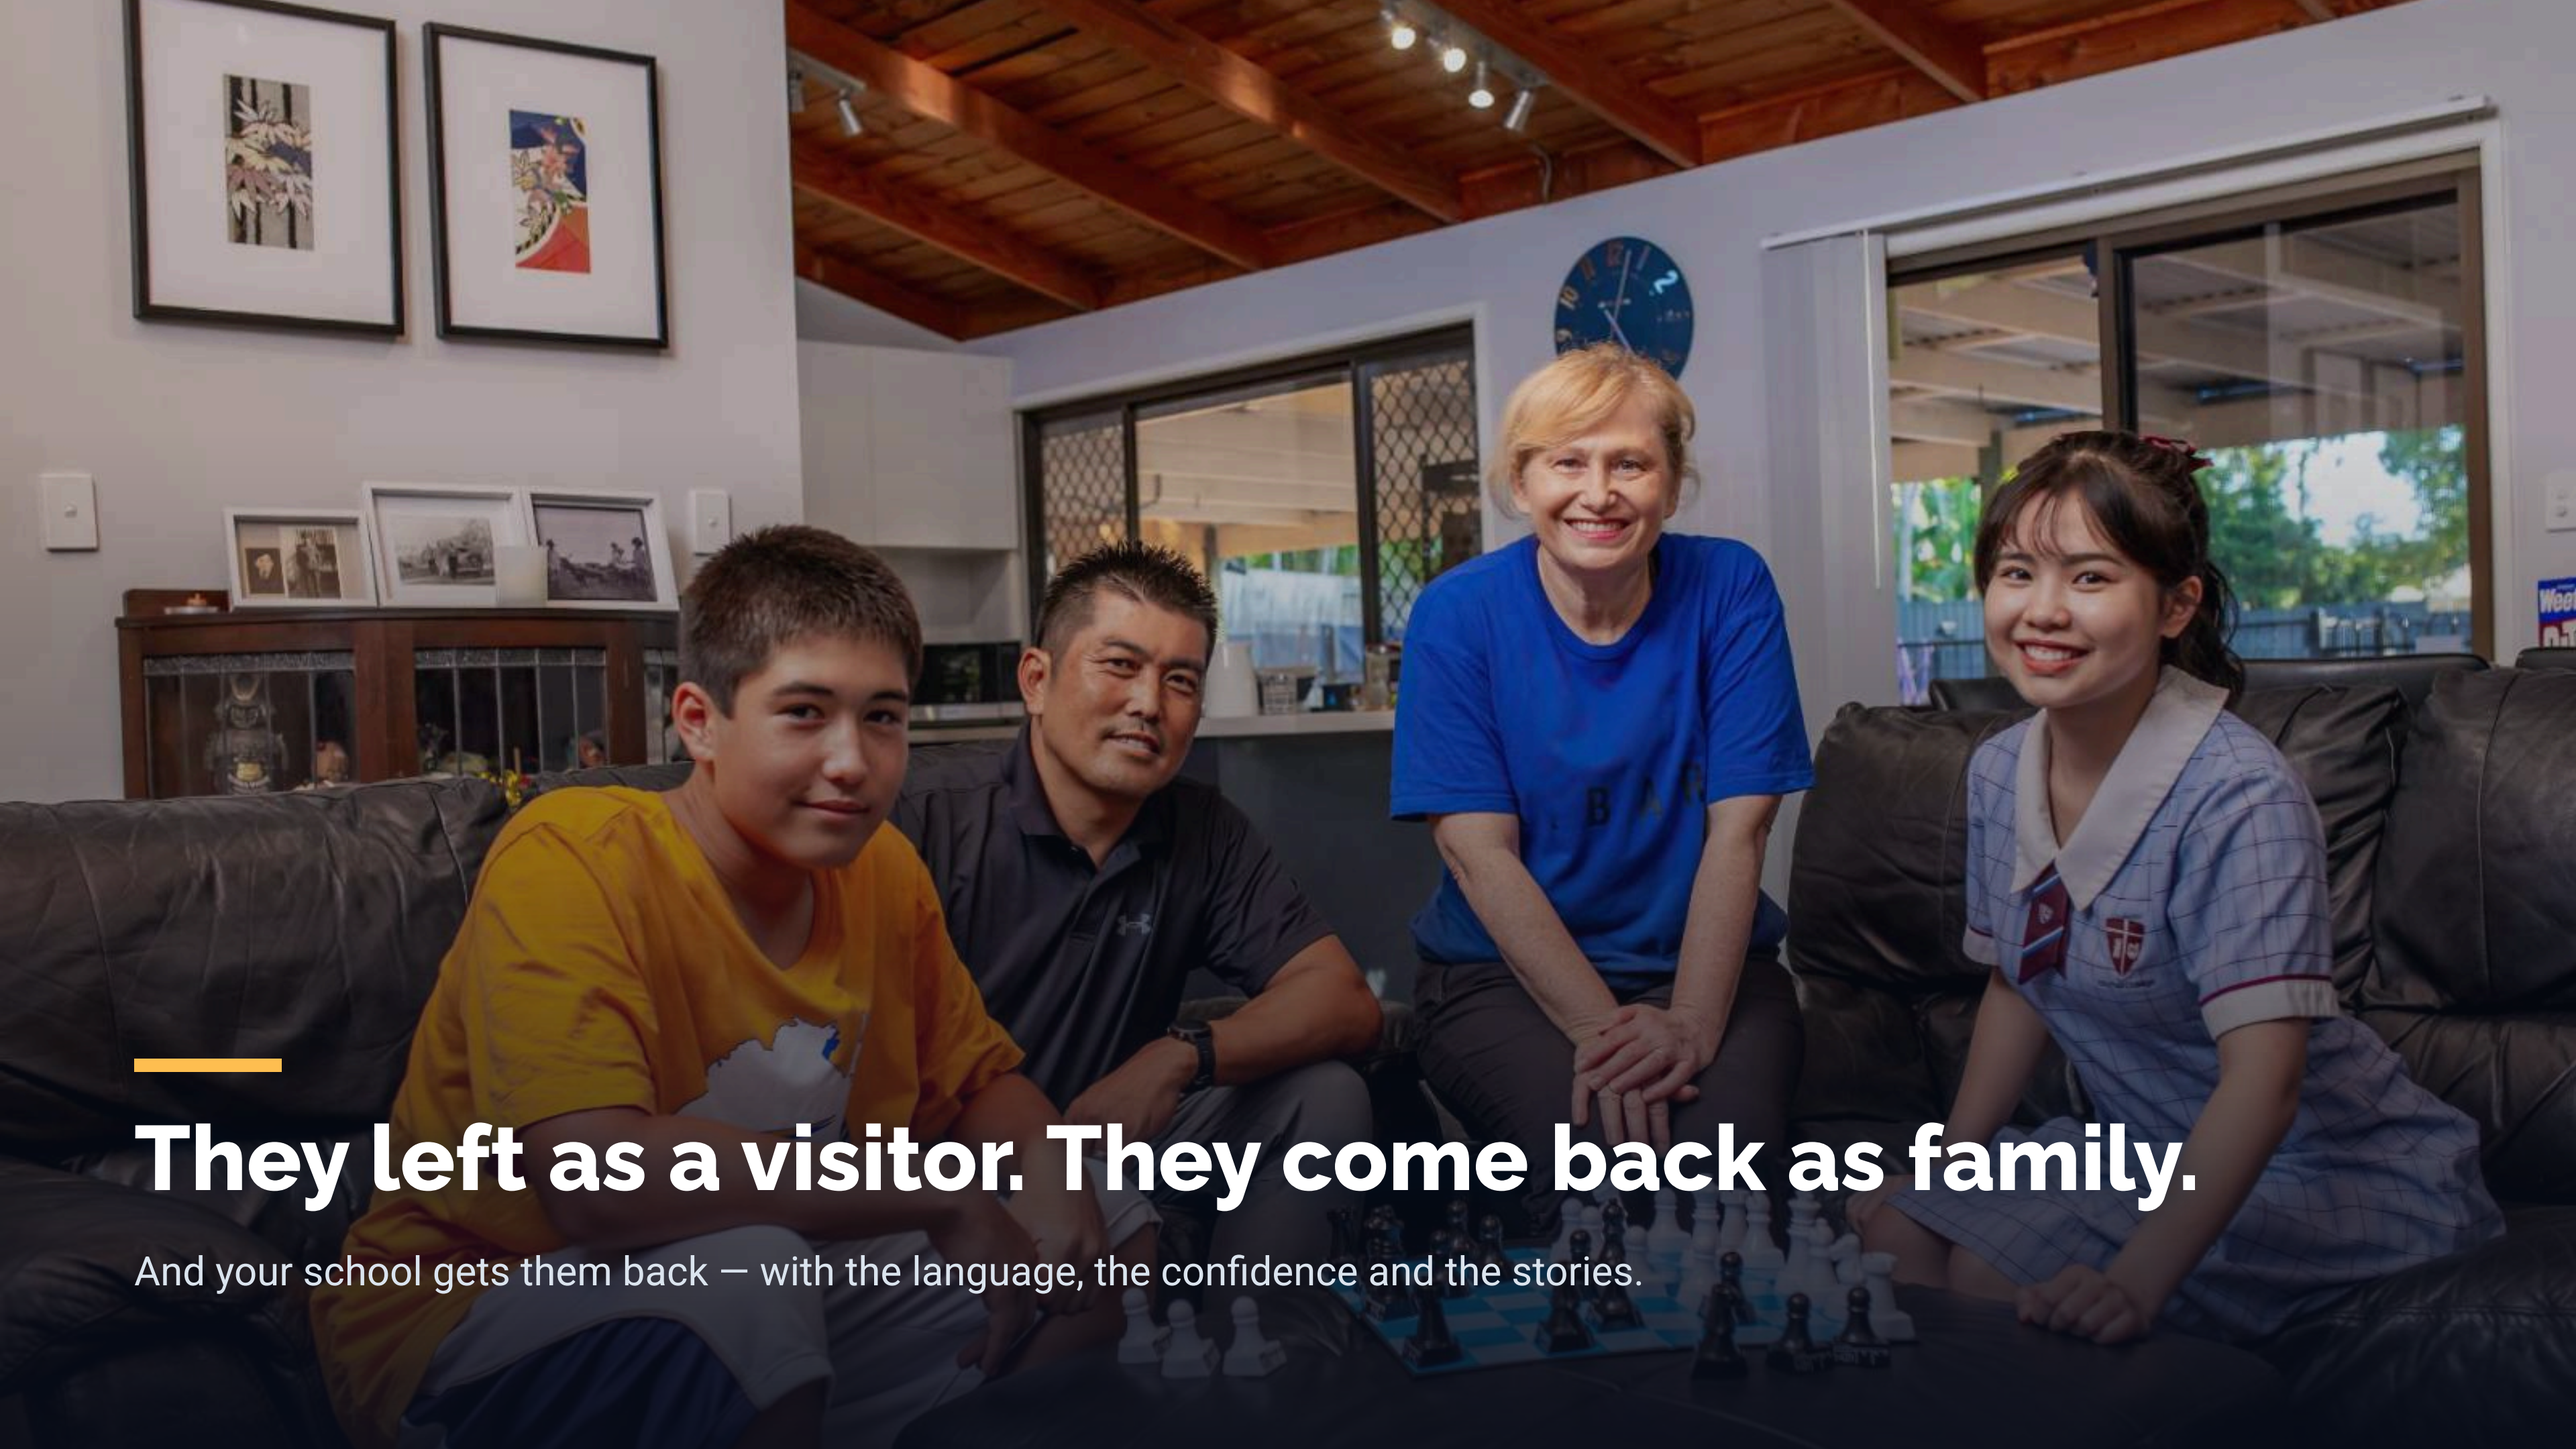
Approved & audited

The Australian Government sets strict rules for caring for under-18 students. JPC is approved and audited — and reports back to parents and the home school.

RECOGNISED, YEAR AFTER YEAR

The year ends the way it should.

Assembly, awards, and a photograph their parents will keep on the wall.



They left as a visitor. They come back as family.

And your school gets them back — with the language, the confidence and the stories.

STUDENT EXPERIENCE

In their own words
